Fifa 22 [Updated] 2022

Newly developed Ultimate Team brings FIFA Ultimate Team to life. The heart of the game is a fantasy football experience where players can build and trade a team from scratch, face off against and win challenges against other real-life players and create their own club, culminating in captaining their team to glory in an intense knockout stage. A player's real-life attributes are supplemented by a selection of customisable attributes, skills and in-game effects, meaning there are no limits to the ways you can level up. FIFA Ultimate Team is a free-to-download game that features all new 'Card Packs' that reward your actions as you play. If you finish a match with a goal, or concede, and then accept an invite from a friend, your packs contain special rewards. In addition to packs of cards there are new rewards to unlock new ways to customize and enhance your

squad. FIFA Moves – Moves are fantastically detailed animations which take you on a natural, fluid experience and use the latest AI technology to seamlessly link gameplay and player movement. Prove you got what it takes to be crowned the best player in the world by mastering the craft of dribbling and combining moves to evade your opponent and beat their defenders. What's new in Fifa 22:

- **Brand New Experience.** FIFA 22 introduces a new deep and compelling core gameplay experience that will change the way you love to play. For the first time in the series, a FIFA experience built for Next Gen controls, called “Next Gen Experience”, and FIFA Ultimate Team, which lets you focus on your passion for the game by becoming the ultimate football manager.
- **User-Friendly.** FIFA 22 unlocks the best ball-skills of the sport’s premier players, as well as introducing brand-new tactics and deceptions to give you ultimate advantage in gameplay.
- **Thrilling Action.** For the first time in a FIFA title, with the introduction of what EA Sports is dubbing “authentic-to-life interactions,” set in a highly immersive FIFA world. Players will tackle others using reactions that are reported from the animations of the real-world players we’ve captured, and all the new gameplay elements - passing, dribbling, and goalkeeping - are shown in motion with fidelity to the sport. This is a game about authentic, player-driven physics, and gameplay that is accessible on any platform.
- **Revolutionary Player Reaction Engine.** This new player reaction engine allows for more authentic and fast-paced gameplay as players apply pressure to opponents, perform high-intensity tackles, recover from misses and win the ball back.
- **Huge Difference. Improved Stability.** Blending the power of soccer with the grace of football, FIFA 22 features stadiums set in unique environments featuring intense scores of fans, fit-

for-a-brawler goalkeepers with incredible reflexes and over-the-top celebrations.
