You know this is free because the price is hidden. For the whole article, scroll down to #5 and click "Show". If you still wonder why you're not seeing anything at all, you've found the "Show price in all articles" option. It's very funny because I'm not sure if he's using a tablet or a mouse. The author could have at least mentioned the fact that one type of brush (photo brushes) are still in beta. Also, the email is not linked. Why would I comment if I didn't actually use the
