

I AM GRACE: GAZELLE

I Am GRACE Purpose: To thrive in living in the flow of joy, love, abundance, purpose, and effortless success.

Do you feel like you are living in a constant state of reaction and problem-solving?

Do you worry about the future and dwell in thoughts about the past?

Are you constantly struggling with circumstances, people, and challenges?

Let gazelle energy help!

Gazelles are able to maneuver in vertical movements and meander around while they gracefully escape their predators. Gazelles have many characteristics, including consciousness, swiftness, elegance, beauty, and liveliness.

These elegant, graceful animals live in a state of grace, free from mental slavery and enjoying every moment with an alert mind, infinite energy, and effortless purpose—free of spiritual disease, anxiety, and depression. In this state, they know that there is always more than enough. In grace, they know their purpose and easily succeed in creating a life that benefits them and those around them.

When you are living in a state of grace, you can see that everything is perfect, that the Universe is moving forward on schedule and is always supporting you. When you are aligned with the Divine, you become a channel of Divine energy. Rather than thinking in black and white, your life joyfully and easily flows in bright technicolor and with infinite possibilities.

Grace is the kind of happiness that accepts all that is, despite the uncertainty of circumstances. Because grace is living in harmony with the universe, knowing we are aligned with its powers allows for effortless success, easily allowing us to achieve our dreams and our purpose. We live in a Matrix of Illusion. By removing the veil of illusion, we can return to our natural state of grace.

If you notice yourself slipping out of the flow, bring your awareness back to the present moment, living in gratitude and fully connected to Spirit and all of your senses, easily returning to your natural state of grace. Thrive in living in the flow of grace in every moment!

As you color in your special I Am GRACE Gazelle, imagine joy, love, passion, purpose, energy, abundance, and infinite possibilities easily flowing forth with each stroke of color. Feel each mark flowing forth with ease and grace. With the discovery of each symbol, reconnect to your innate grace and to universal energy.

I live my life with grace and perfect ease.

My life flows with ease and grace.

I flow through changes with ease and grace.

I experience everything as grace.

“The winds of grace are always blowing, but you have to raise the sail.” ~ Sri Ramakrishna
